PREFACE

The APPALACHIAN ADULT BASIC EDUCATION PERSONNEL DIRECTORY has been prepared to assist state and local adult educators who are involved in projects and activities funded under the Adult Education Act of 1966, Public Law 89-750. It is designed to provide a quick reference to individuals who hold positions at the national, regional, state, and local levels who through their responsibilities and organizations can aide those engaged in serving adult education in the APPALACHIAN REGION.

The Appalachian Adult Basic Education Demonstration Center, MOREHEAD STATE UNIVERSITY, responsible for the conduct of a "special project" of the Adult Education Act of 1966, Section 309 (b), entitled: "A Demonstration and Developmental Research Project for Programs, Materials, Facilities, and Educational Technology for Undereducated Adults," has collated the DIRECTORY in an effort to further strengthen adult education in Appalachia.

Our Center is especially pleased with the cooperation and confidence of the STATE DIRECTORS of Adult Education in the thirteen state region.

George W. Eyster
Executive Director, AABEDC

APPALACHIAN SPECIAL RESOURCE PROGRAMS, PROJECTS AND TEACHER TRAINERS

The DIRECTORY has attempted to identify APPALACHIAN resource personnel and programs that might be of special assistance to adult education and adult basic education program development. THREE major categories should be isolated as potential resources.

1. SPECIAL EXPERIMENTAL DEMONSTRATION PROJECTS
2. TEACHER-TRAINING PROJECTS
3. INTERAGENCY COOPERATION

Categories one and two are a comprehensive part of the Adult Education Act:

" The purpose of the Adult Education Act of 1966, Title III of Public Law 89-750, is to encourage and expand basic educational programs for adults to enable them to overcome English language liminations, to improve their basic education in preparation for occupational training and more profitable employment, and to become more productive and responsible citizens.

The Commissioner is authorized under Section 390 of the Act to make grants for--

(a) Special Experimental Demonstration Projects which:

" (1) involve the use of innovative methods, systems, materials, or programs which the commissioner determines may have national significance or be of special value in promoting effective programs under this Title, or (2) involve programs of adult education, carried out in cooperation with other Federal, federally assisted, State, or local programs which the Commissioner determines have unusual promise in promoting a comprehensive or coordinated approach to the problems of persons with basic educational deficiencies. "

(b) Teacher -Training projects to provide training to persons engaged, or preparing to engage, as personnel in adult education programs designed to carry out the purposes of the Act. "

Category 3 represents all those agencies, federal, state, and local serving the needs of the disadvantaged. Many of these agencies are charged with the conduct of educational components often in isolation from local and state adult education efforts. Although the AABEDC has found the task

of identifying explicit program and leadership a list of agencies has been included that may be operating in a given local area. It behooves all adult education leadership to fret out and aid in establishing sound interagency cooperation in support of all adult education programs.

a/ "Eligibles" is used broadly to encompass universe of needs, i.e., the estimated number and kind of persons who need the respective programs.

b/ Population Characteristics P. 20 No. 158 December 19, 1966, U.S. Department of Commerce, Bureau of the Census.

c/ Consumer Income P. 60 No. 51 January 12, 1967, U.S. Department of Commerce, Bureau of the Census.

d/ Figure represents only those who could be brought into the labor force.

e/ Includes all Indians living on or adjacent to a reservation.

f/ "Interagency Cooperative Issuance No. 3, April 7, 1967."

g/ A very large percent has high school degree and will use benefits for college.

SOME SUGGESTIONS FOR THE GRADUATE STUDENTS AND ADULT EDUCATORS*

PROFESSIONAL ASSOCIATIONS AND JOURNALS

As you begin, continue, or resume your graduate studies in continuing education, it would be well to seriously consider membership in professional associations and subscriptions to professional journals that will enhance your personal growth in the field, keep you abreast of current developments and further acquaint you with individuals making the decisions in your special interest area of continuing education.

On the highly recommended list are:

NATIONAL ASSOCIATIONS

Adult Education Association of the U.S.A.

National Association for Public Continuing and Adult Educators

American Association for Higher Education

National Community School Education Association

STATE ASSOCIATIONS

Join the Adult Education Association in your state. These devisions are usually formed under two different names, Adult Education Association of (State) and (State) Association for Adult and Continuing Education.

JOURNALS

Convergence - an International journal of Adult Education

Journal of Extension - formerly the Journal of Cooperative Extension

Junior College Journal - Published by American Association of Junior Colleges

Adult Leadership - Both published by Adult Education Association

Adult Education - of the U.S.A.

Student rates are available for most of the above journals.

"TOWARDS THE IMPOSSIBLE DREAMS"

The Proceeding of the 1969 National Seminar for Leaders of Colleges and Universities in Continuing Education will soon be published under the title: "Towards the Impossible Dreams." Prof. Kleis, who is the General Chairman of the Seminar, is currently working on this publication. This seminar was conducted at Kellogg Center for Continuing Education at Michigan State University, March 30 - April 3, 1969.
